Our wide range of products, such as mobile ramps, container ramps, embedded ramps, edge ramps, hinged ramps, telescopic ramps, vertical yard levellers, scissor platforms, and loading platforms, suits every need.

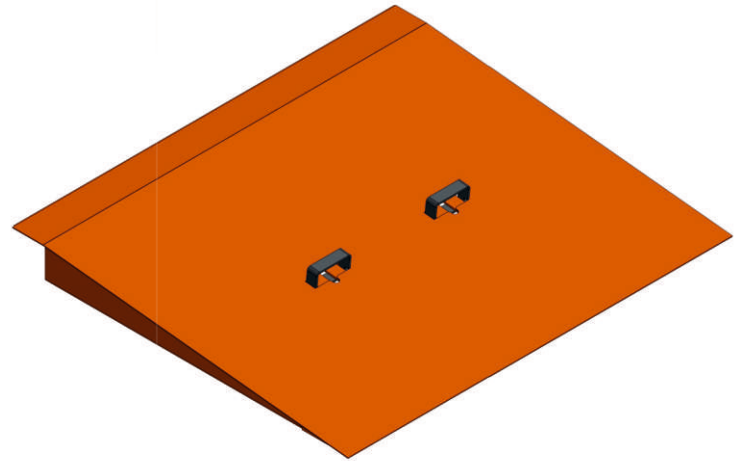

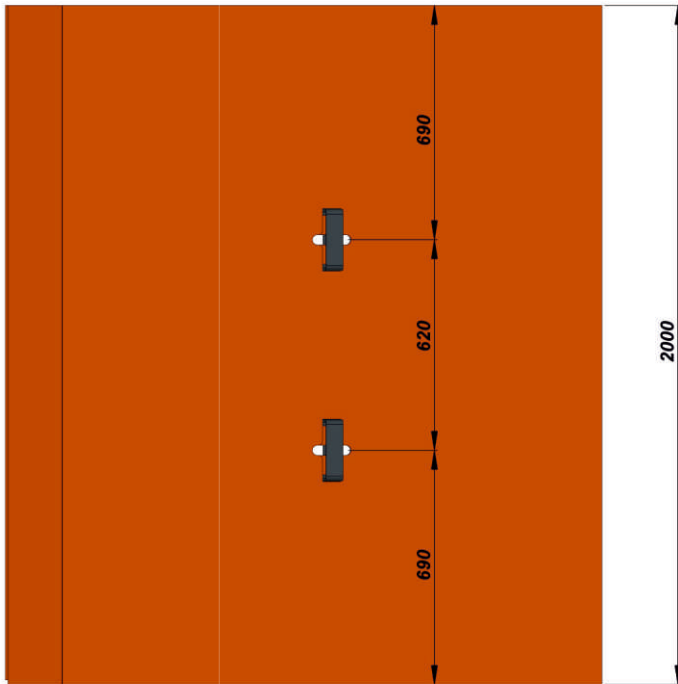

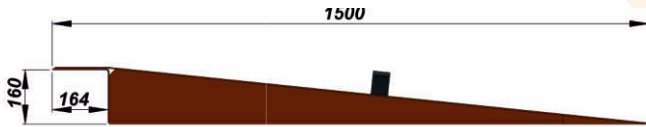

## CONTAINER LOADING RAMP

Container Loading Ramps are tools that allow us to do our job quickly, safely and easily by loading/unloading cargo from containers that have been unloaded from the vehicle. It has a steel construction designed to suit load distribution. It has the feature of being transported by forklift.

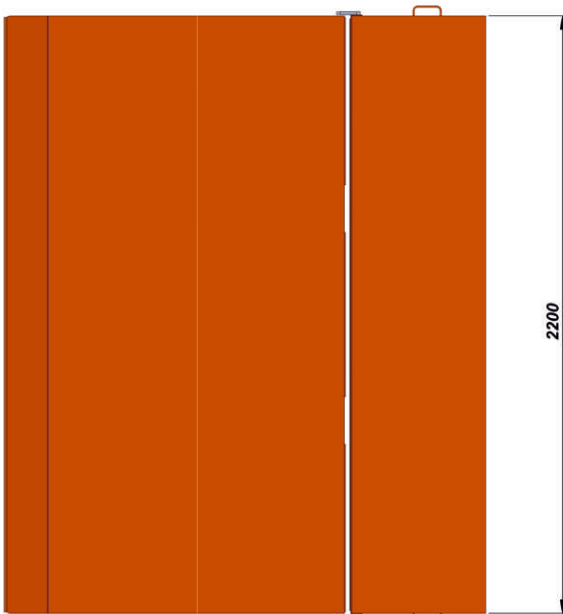

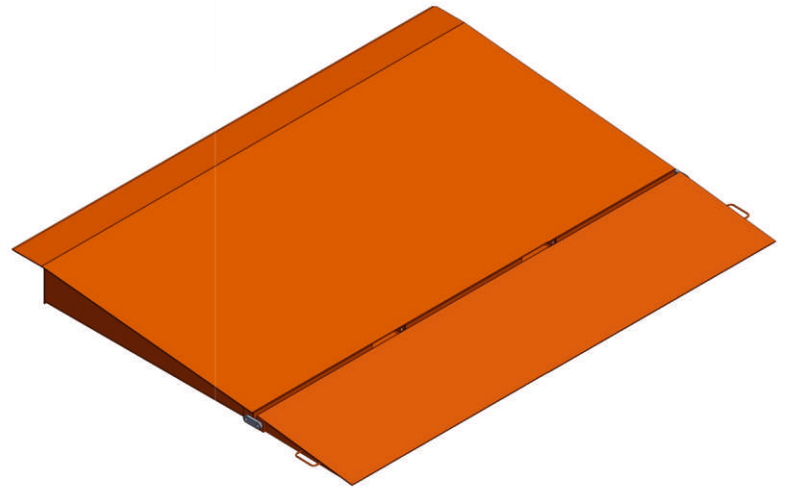

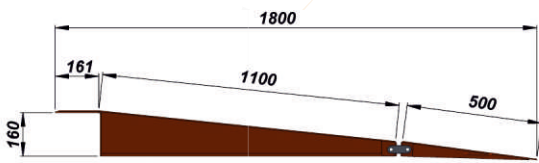

## CONTAINER LOADING RAMP CLR-1

- ✓ Container ramp has CE certificate
- ✓ Dynamic capacity is 7,10 and 12 tons.
- ✓ All floor is anti slip drop pattern sheet.
- ✓ Steel construction designed for load distribution
- ✓ Have forklift sleeves for moving
- ✓ Have security chain
- ✓ Sand blasting before painting
- ✓ RAL9005 and RAL2004 epoxy first layer, acrylic finish layer.

## CONTAINER LOADING RAMP CLR-2

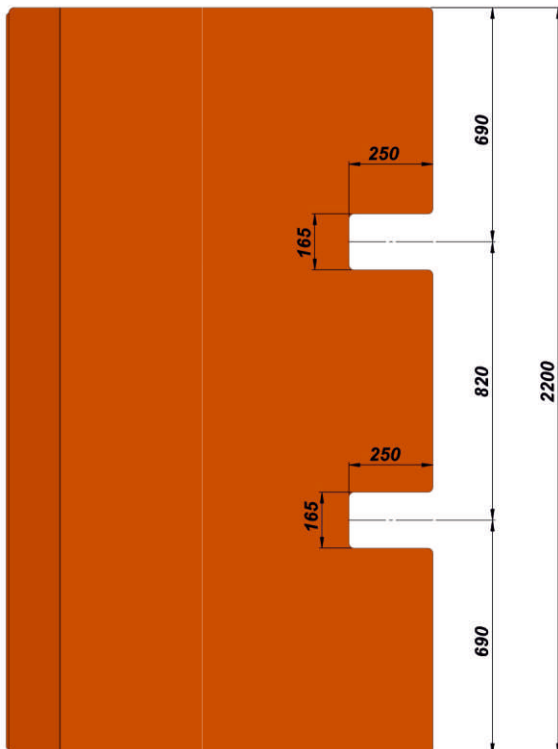

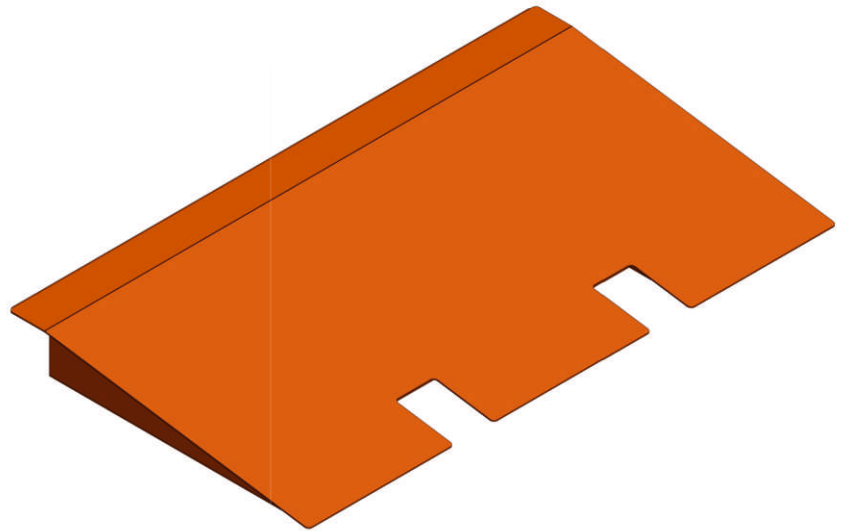

- ✓ Container ramp has CE certificate
- ✓ Dynamic capacity is 7,10 and 12 tons.
- ✓ All floor is anti slip drop pattern sheet.
- ✓ Steel construction designed for load distribution
- ✓ Container ramp has foldable flap.
- ✓ Have forklift sleeves for moving
- ✓ Have security chain
- ✓ Sand blasting before painting
- ✓ RAL9005 and RAL2004 epoxy first layer, acrylic finish layer.

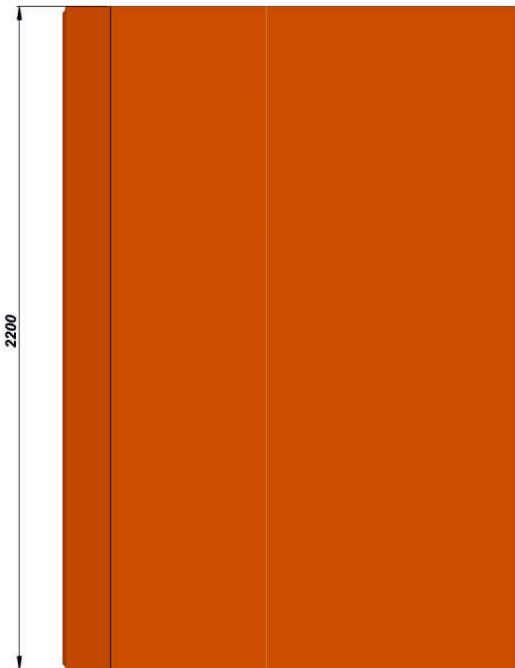

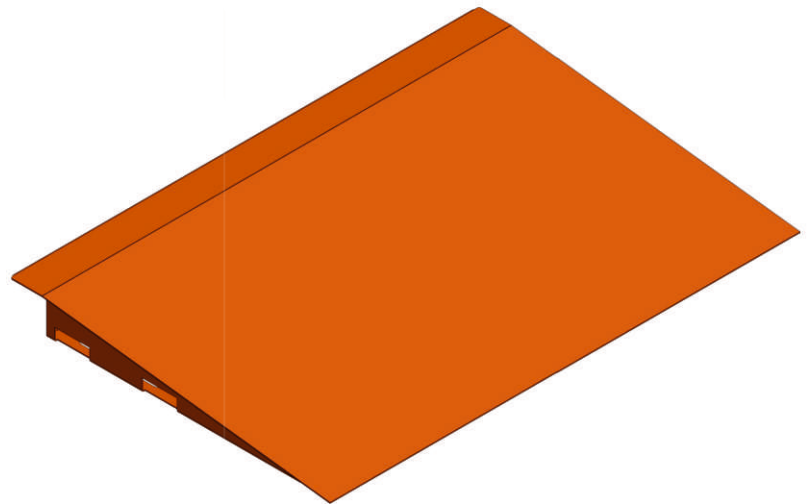

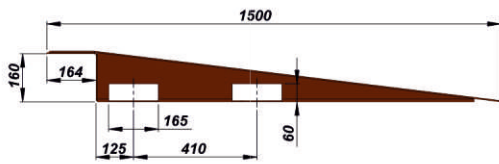

## CONTAINER LOADING RAMP CLR-3

- ✓ Container ramp has CE certificate
- ✓ Dynamic capacity is 7,10 and 12 tons.
- ✓ All floor is anti slip drop pattern sheet.
- ✓ Steel construction designed for load distribution
- ✓ Have forklift sleeves for moving
- ✓ Have security chain
- ✓ Sand blasting before painting
- ✓ RAL9005 and RAL2004 epoxy first layer, acrylic finish layer.

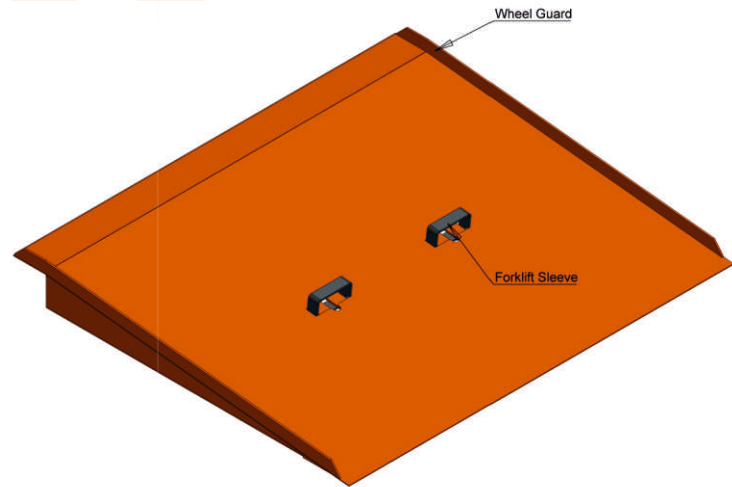

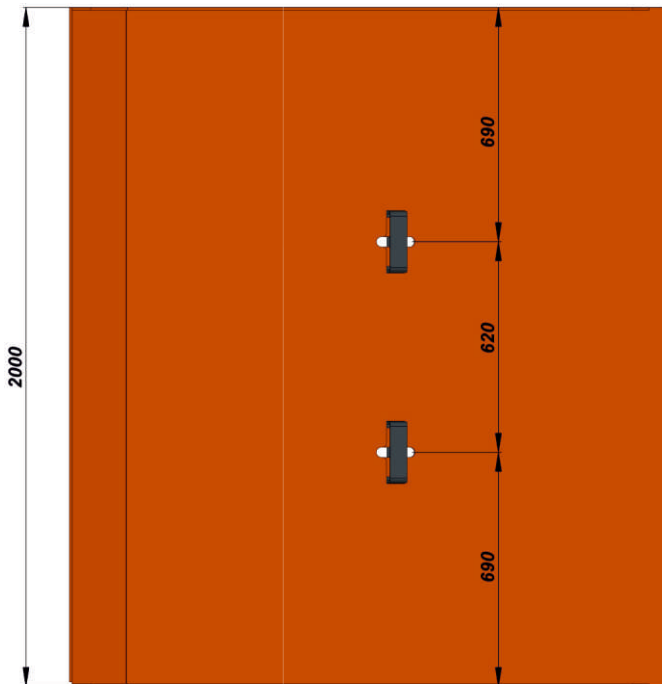

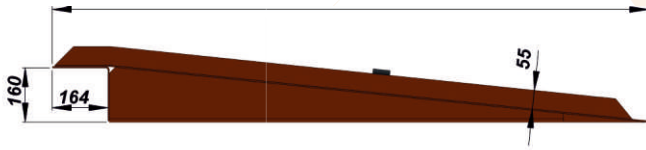

## CONTAINER LOADING RAMP CLR-4

- ✓ Container ramp has CE certificate
- ✓ Dynamic capacity is 7,10 and 12 tons.
- ✓ All floor is anti slip drop pattern sheet.
- ✓ Steel construction designed for load distribution
- ✓ Have forklift sleeves for moving
- ✓ Have security chain
- ✓ Sand blasting before painting
- ✓ RAL9005 and RAL2004 epoxy first layer, acrylic finish layer.

## CONTAINER LOADING RAMP CLR-5

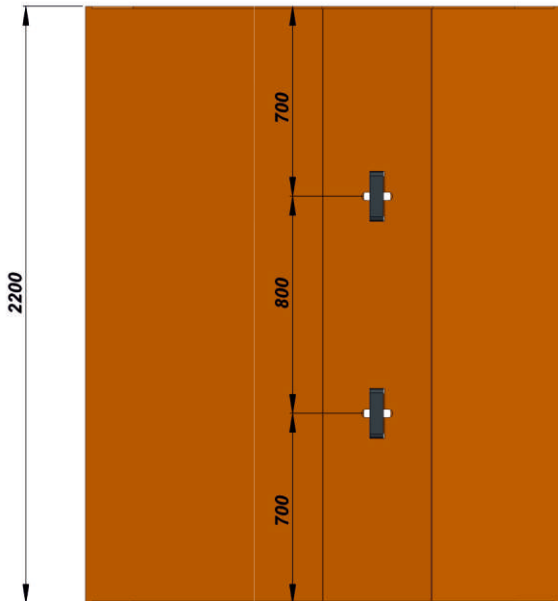

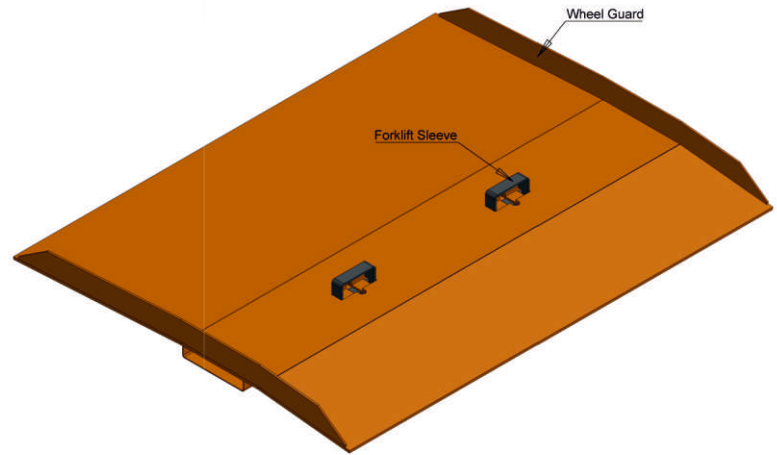

- ✓ Container ramp has CE certificate
- ✓ Dynamic capacity is 7,10 and 12 tons.
- ✓ All floor is anti slip drop pattern sheet.
- ✓ Steel construction designed for load distribution
- ✓ Have forklift sleeves for moving
- ✓ Container ramp has wheel guard
- ✓ Have security chain
- ✓ Sand blasting before painting
- ✓ RAL9005 and RAL2004 epoxy first layer, acrylic finish layer.

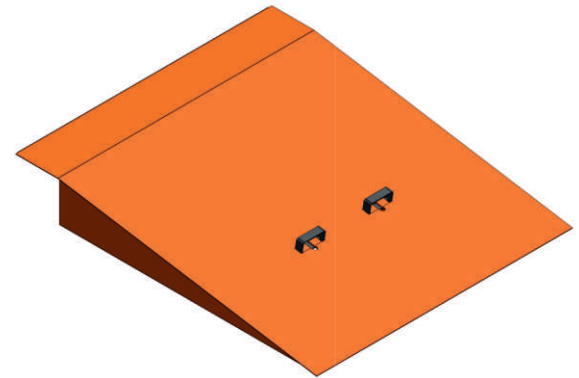

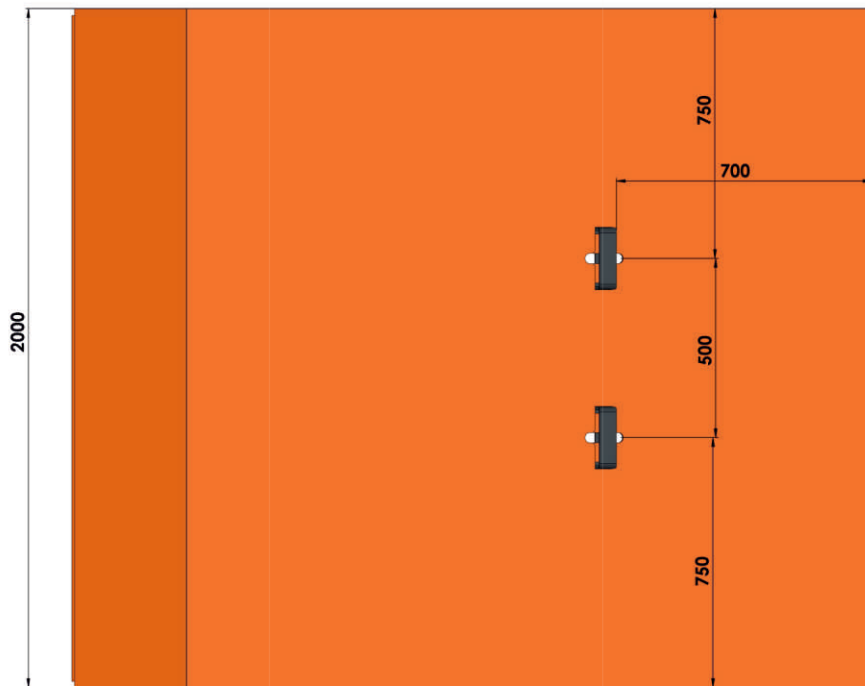

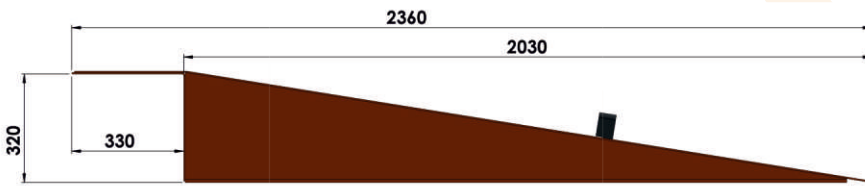

## CONTAINER LOADING RAMP CLR-6

- ✓ Container ramp has CE certificate
- ✓ Dynamic capacity is 7 tons
- ✓ All floor is anti slip drop pattern sheet.
- ✓ Steel construction designed for load distribution
- ✓ Have forklift sleeves for moving
- ✓ Container ramp has wheel guard
- ✓ Have security chain
- ✓ Sand blasting before painting
- ✓ RAL9005 and RAL2004 epoxy first layer, acrylic finish layer.

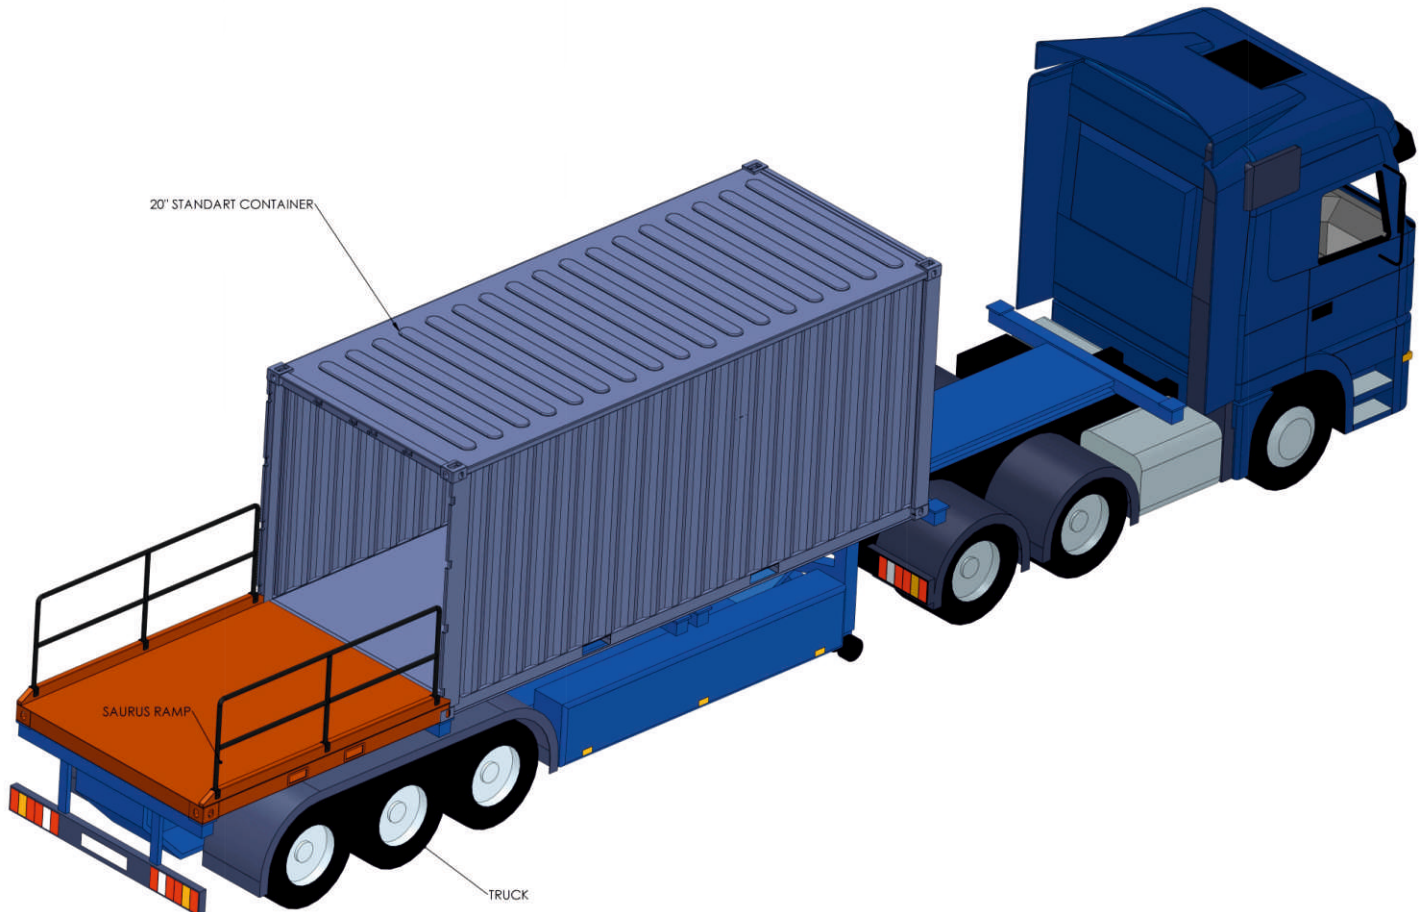

## CONTAINER LOADING RAMP CLR-7

- ✓ This type container for loading /unloading to waste material containers
- ✓ Container ramp has CE certificate
- ✓ Dynamic capacity is 7,10 and 12 tons
- ✓ All floor is anti slip drop pattern sheet.
- ✓ Steel construction designed for load distribution
- ✓ Have forklift sleeves for moving
- ✓ Have security chain
- ✓ Sand blasting before painting
- ✓ RAL9005 and RAL2004 epoxy first layer, acryilic finish layer.

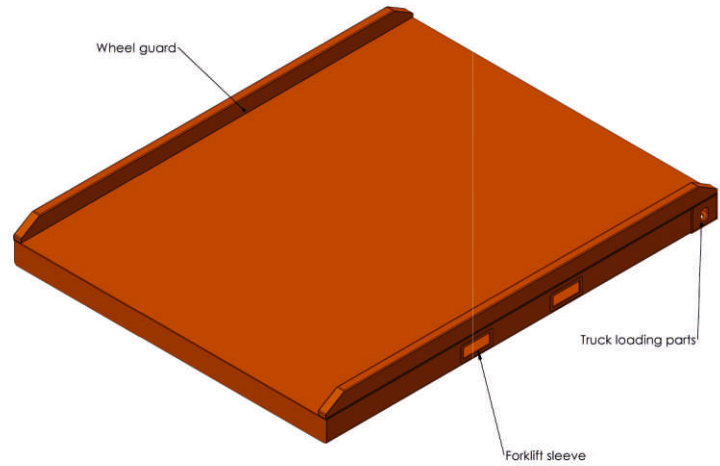

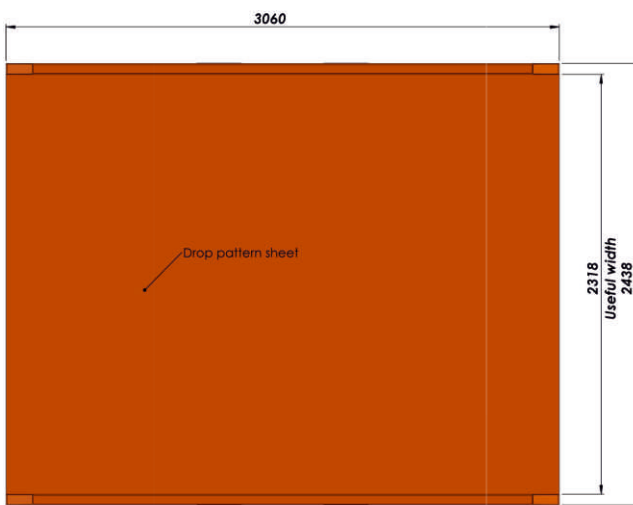

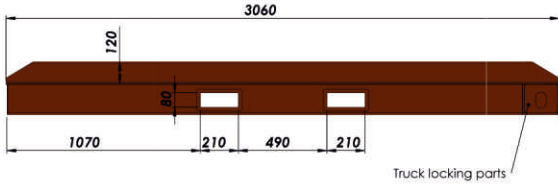

## CONTAINER LOADING RAMP CLR-8

- ✓ This type container ramp for 20 ft containers
- ✓ Container ramp has CE certificate
- ✓ Dynamic capacity is 7,10 and 12 tons
- ✓ All floor is anti slip drop pattern sheet.
- ✓ Steel construction designed for load distribution
- ✓ Have forklift sleeves for moving
- ✓ Have locking parts for connect to container trailers
- ✓ Have wheel guard
- ✓ Have 1100 mm height rail guards
- ✓ Sand blasting before painting
- ✓ RAL9005 and RAL2004 epoxy first layer, acyrylic finish layer.
